DEDICATION

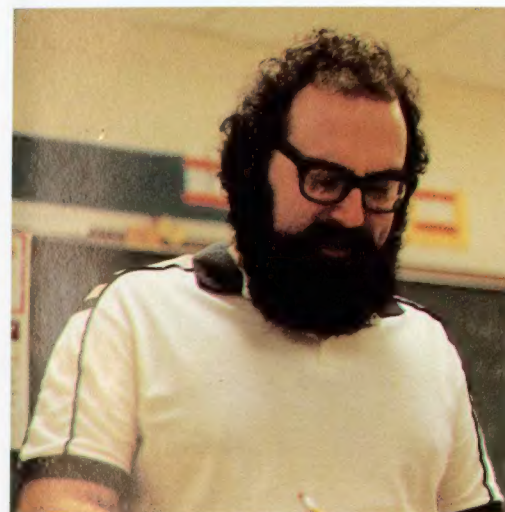

Mr. Raymond Werthner

To some a job is a way to earn a living. To others it presents a means of expressing creativity, knowledge, or learned experience. Rarely is there a person whose job is an essential part of his life — where the individual and the profession are one. When such a person comes along, one wonders about his motivation and sometimes questions his sanity. But one also admires him and secretly wishes to be a little like him. This kind of person is the type that we on the *Yellowjacket* Staff look for when we make our decision about the dedication of the annual. This year's nominee exemplifies the qualities of a truly dedicated individual. His heart and soul seem to belong to his profession, his time and energies belong to his students, but his jokes belong to the *Guinness Book of Records*. The 1986 *Yellowjacket* Staff proudly dedicates this year's annual to Mr. Raymond Werthner, who has served St. Martin for the past 15 years as a science teacher and as Science Department Chairman.

Senior Farewell

From the very first day of school, we envision graduation night. The thought of completing a significant part of our lives gives a feeling of pride and accomplishment. We are fortunate to have been given an education which will stand as the foundation for the rest of our lives.

In receiving this education, we have encountered many people who have enriched our lives and helped us along the way. We wish to thank the teachers, parents, and friends who have taught us, encouraged us, and learned with us.

Acquiring an education as the one we have is not always easy. There have been numerous obstacles which have stood in our way. We have studied through bad weather, tragic events, teacher-government conflicts, and new forms of discipline.

Despite the problems, we feel we have succeeded. We will proudly take with us what we have gained. These high school years will always be an important part of our lives.

In taking something away, we also leave a part of us behind. Our time and energies have been well spent. We will remember the underclassmen and teachers who will always be our friends, and with fond memories and high aspirations, we face the future.

Timothy Hanson
November 15, 1968-January 30, 1986

In one sense there is no death. The life of a soul on earth lasts beyond his departure. You will always feel those lives touching yours, those voices speaking to you, those spirits looking out of others eyes, talking to you in the familiar things they touched, worked with, loved as familiar friends. They live on in your life and in the lives of all others that knew them.

The band received straight superior awards at the Old South Marching Festival in Milton, Florida. The Band captured six superior trophies and again was the only band to do so in its class. All categories of judging have received superiors for the entire year . . . Drum Major, Flag, Majorette, Drums, and Band.

Congratulations to Mr. Thomas Walley and the SMH Band.

Band Officers

Continuing its proud tradition, the Yellowjacket Band produced outstanding performances this year both at home and in various contests. For the first time in its history, the band has the largest number of students selected for the Gulf Coast Band Directors' Clinic. The band has also received letters of commendation from many major colleges.

The St. Martin High School Band rated all superiors in the Deep South Marching Festival in Theodore, Alabama, being the only band to do so in its class. The band scored perfect ratings in marching, and the Flag Corps received an impossible superior plus rating. The band captured five superior trophies.

Each school year has its events and memories which make it different and special. School year 1985-86 is certainly no exception. After starting what seemed to be just another year, we were faced suddenly with preparing for a dangerous storm, Hurricane Elena. Thinking for a short time that we had escaped her wrath, we were battered by her strong winds and rain, especially our gym, bandhall, and art room. When school reopened, we soon were placed on half-day shifts with the Junior High because of the severe damage to that school. Art and band students were surprised to find themselves in classes in the cafetorium and the dressing room of the gym.

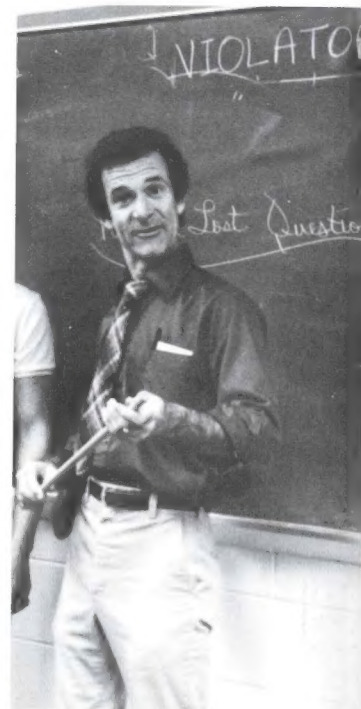

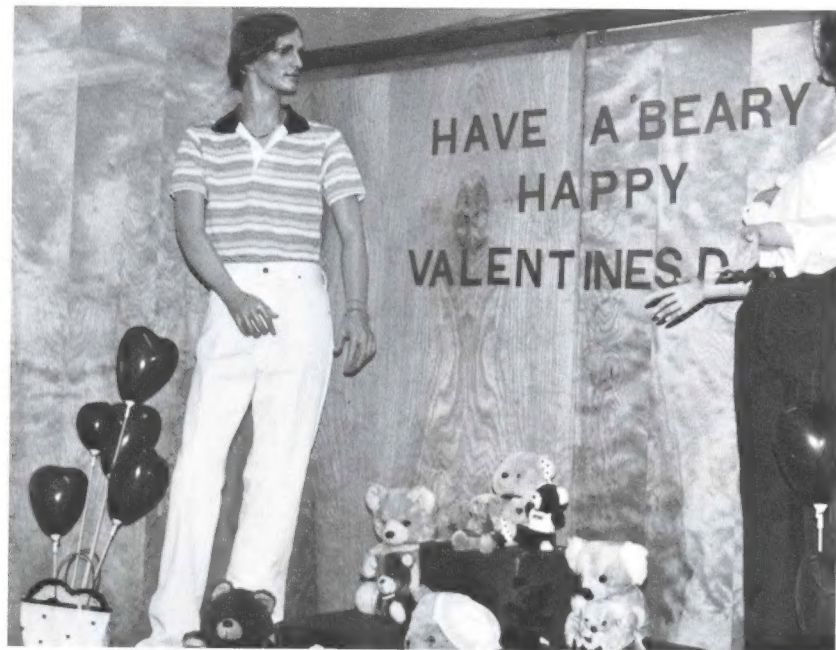

Although we experienced these trying events, we witnessed the dedication of Yellowjacket Stadium, whose completion marked the first phase of the development of a complete sports complex for the St. Martin Community.

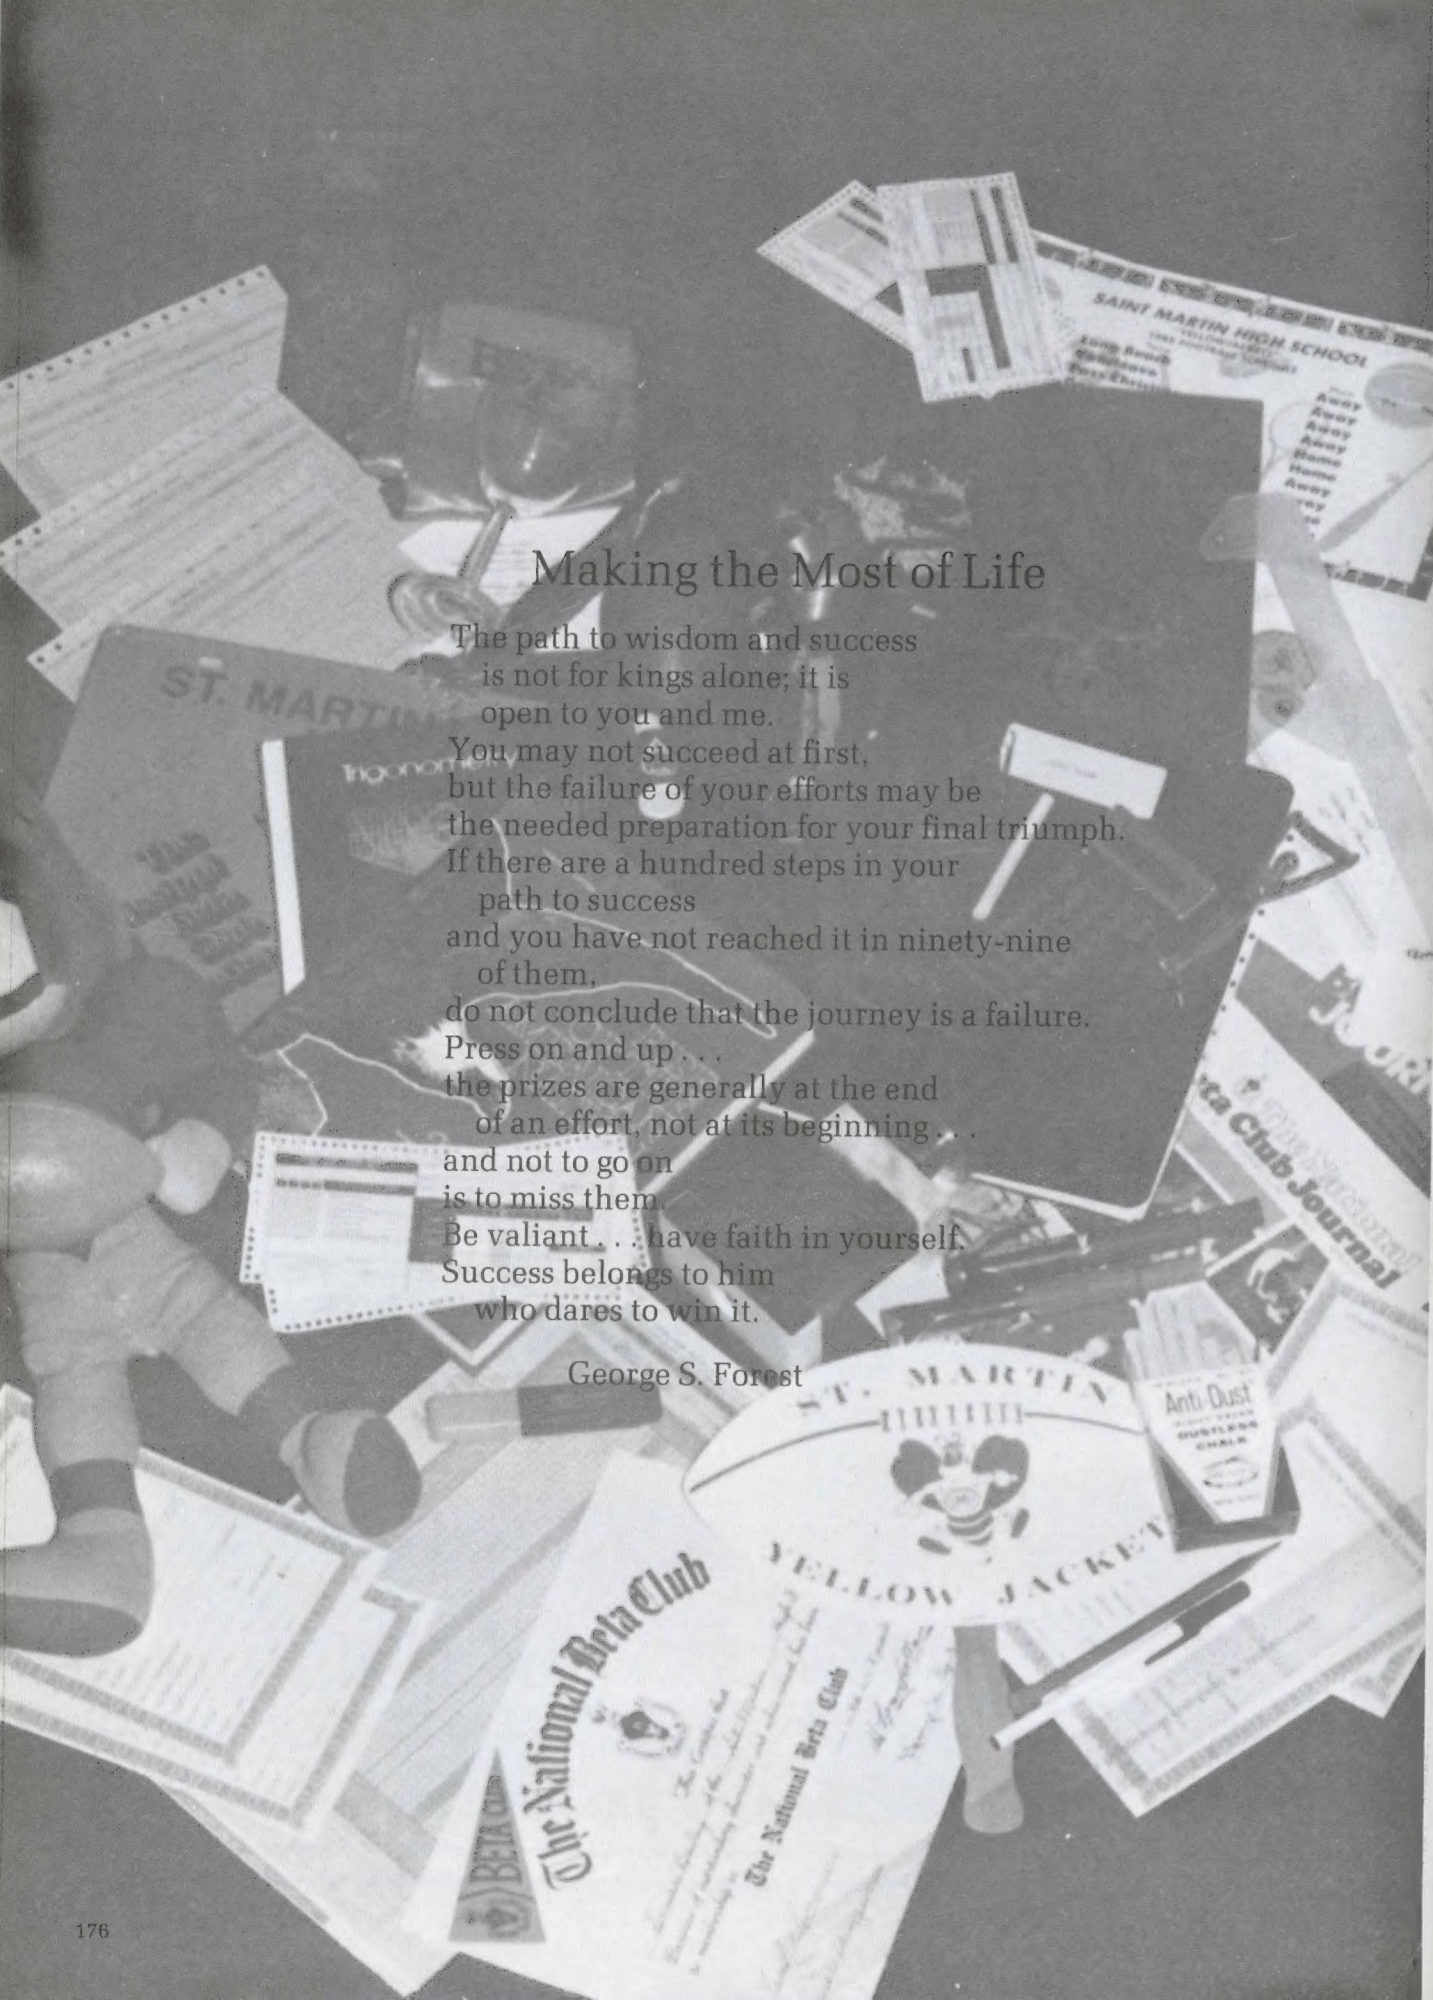

To help defray the mounting costs of publishing the Yellowjacket, the annual staff worked the concession stand during the home football games. Although the staff missed seeing the games and the work was quite hard, the experience was one to remember.

Making the Most of Life

The path to wisdom and success
is not for kings alone; it is
open to you and me.
You may not succeed at first,
but the failure of your efforts may be
the needed preparation for your final triumph.
If there are a hundred steps in your
path to success
and you have not reached it in ninety-nine
of them,
do not conclude that the journey is a failure.
Press on and up . . .
the prizes are generally at the end
of an effort, not at its beginning . . .
and not to go on
is to miss them.
Be valiant . . . have faith in yourself.
Success belongs to him
who dares to win it.

George S. Forest

Autographs

Randy,
It's been fun getting to
know ya!! - at St. Martin.
I'm glad I met you and
hope that we can continue
our friendship. Remember the
"talk - about - Eddie" sessions
we had in first!! Don't be
too hard on him!
You're a really sweet guy
and believe me, nothing I
could hear could lessen
my opinion of you!
Come swimming this summer,
and ENJOY!

Janice

Always,
Janice
